

1.4 Secure Boot Settings

List of content

- [1.4.1 Ensure permissions on bootloader config are configured \(Scored\)](#)
- [1.4.2 Ensure bootloader password is set \(Scored\)](#)
- [1.4.3 Ensure authentication required for single user mode \(Not Scored\)](#)

Description

The recommendations in this section focus on securing the bootloader and settings involved in the boot process directly.
